EAR PROTECTION THAT DOES MORE...

# ISOtunes ULTRACOMM AWARE

The ISOtunes ULTRACOMM Aware is a Bluetooth-enabled in-ear headset with a detachable boom microphone. Designed for those who work in noisy environments and still want to have clear conversations. Thanks to Aware technology, you can always hear ambient noise at a safe listening level and communicate with colleagues and team members.

- // Boom mic for clear communication in noisy environments
- // Sound attenuation value SNR = 30 dB
- // SafeMax™ technology limits volume to 82 dB
- // Aware Technology™ for comprehensive situational awareness
- // Battery life up to 8 hours
- // IP67 dust, sweat and water proof
- // Bluetooth 5.2
- // Tested according to European safety standard EN 352-2:2020 and American ANSI S3.19-1974 for hearing protectors

ISOtunes  
+ plugs  
for ISOtunes

We have developed the customized bachmaier® plugs earmolds for maximum wearing comfort. Enhance your ULTRACOMM Aware with the customized earmolds made of transparent 60 Shore silicone.
