Hearing protection campaign | **Ready?**
Autumn 2026

bachmaier® comfort

Ready to learn? Then please keep it down.

A building site next door, siblings in the corridor, voices everywhere: it's rarely quiet enough to concentrate. With the bespoke bachmaier® comfort ear defenders, you can enjoy the peace and quiet you need to study. At home, in the library or during exam time.

Made from soft silicone and made to measure for your ear: no pressure, no slipping, no readjusting. Even after hours at your desk, you'll barely notice them. You'll just realise that it's finally quiet.

For school pupils, apprentices and students. And a great tip for parents who want to give a gift ahead of the next exam that really helps.

comfort by bachmaier® – your hearing protection for focus in everyday life.
